

## *True Togetherness*

**PILOT and navigator:** Any day, at the Jewish Home and Hospital for Aged, you will see residents helping residents. Mrs. Rose Brown is totally blind and has difficulty moving from one place to another without help. Erwin Weikers, on the other hand, is confined to a wheelchair and must be pushed from one place to another. However, there is nothing wrong with his vision, so blind Mrs. Brown pushes Mr. Weikers to wherever he would like to go — such as for meals or recreation—where she is usually going anyhow. Mrs. Brown serves as the pilot and Mr. Weikers is the navigator.
