Fill out the above blank and MAIL IT AS SOON AS YOU SHIP in envelope we sent you. Be sure to write out plain the station from which you shipped and also the name of the R. R. or Express Co. Write all information about fur to the left of the heavy line; about hides and skins to the right. Don't get fur on the hide side or hides on the fur side. Use our shipping tags and write your name in ink on each one. Do not write name in pencil, as pencil fades out; always in ink. Ship all furs by express. Sheep skins, beef hides, horse hides, calf skins and tallow by freight. If you have any remarks, write them on the back of this sheet and not on a separate paper. Be sure to write your name plainly. Would prefer to have it printed out. Never put more than one hide or five calf skins in a bundle. Ship in bags whenever possible, but be sure to tie up bag securely. Don't fill a bag too full. Be sure to indicate in the line above just how many bags or bundles you sent in entire shipment. If this blank is not filled out and mailed we will not be responsible for loss of goods or weight.
