Monday

Bill dear,

Am awfully worried that I haven't heard from you in such a long time. You have always written me regularly. I haven't received your mail for almost a month.

I suppose you have read that V-E Day was celebrated here today, although official confirmation is due tomorrow. I don't know whether "celebrated" is the correct word. I didn't see any signs of merriment anywhere in Pgh. I heard that New York + Chicago showed some excitement, but on the whole it was quiet + restrained.

I am certainly in no mood to celebrate anything until I hear from you + know you are all right + until I hear from Joe that he is all right. Then I can give a sigh of relief + thank God.

I can't think of anything else to write about at this time. I wrote to the boys some time ago but have had no reply yet.

I phoned Mima Channah a few days ago. There had cold weather + rain for over 2 weeks, which has retarded her recovery. She needs hot weather, + especially

hot sun. So she isn't too well & is still at  
Belle's (her daughter's) house.

Our Belle, Myer, & the kids are well.  
The kids are growing fast, & they are hefty.  
You'll be surprised to see them so grown  
up.

Take care of yourself, dear, & do write  
as soon as you can, if it's only a line. Keep  
safe & well.

With love to my favorite brother,

Sibyl
