Dedication

Mrs. Peppa Kimelman Buck found life a challenging, enchanting, and sometimes terrifying experience — and she enjoyed it completely. The world's lament she heard in one ear, its song in the other. She knew that more education for the youth of this area would help them to understand and to appreciate life as she did. With this knowledge, her son gave freely the land upon which this Campus has been developed.

Therefore, in memory of Mrs. Peppa Kimelman Buck, at the suggestion of the Advisory Board of the McKeesport Campus, the Board of Trustees of The Pennsylvania State University has named this building The Buck Union Building.
