Dear Gabe:

A personal note to tell you how tickled I am to be in the ABA.

We all know that a professional league is only as strong as its weakest link and I, for one, will do my utmost to strengthen the weakest link. I was not offended for sitting around for a day and a half, because I realize that the business you were conducting was of utmost importance.

Anyway, Gabe, thanks for your cooperation. I look forward to a long and successful relationship with you.

Respectfully,

Handwritten signature of Bill Daniels.
