WE GIVE "S&H" GREEN STAMPS

August 5, 1950

Dear President Truman,

We are an independent retailer, serving the workingman. From the way prices have been advancing, I urge you to see to it that prices should immediately be controlled. Many manufacturers are withdrawing their lines from sale, while others are increasing their prices. Unless stopped at once it will hit the poor workingman.

Thanking you for your prompt efforts on the above,
I am

Sincerely,
Norman Ilkuvitz
