

Charles L Reizenstein

Mr Reizenstein is a native of this city. After he completed his education in the local schools he attended a commercial college and following graduation entered the china and glassware establishment of his father. He began his career as a business man in 1900, and he has since been made secretary and treasurer of the company. Mr Reizenstein is also the general manager of the Elrose Decorating Company, which manufactures Bohemian glassware, an industry comparatively new in this country. The suggestion for the local company came to Mr Reizenstein in a rather interesting manner. One day last spring some Bohemians who had been

looking into the show windows of the company's store came in and asked whether they made glassware. These men said they were Bohemian glassworkers looking for work. The outcome of this conversation was the establishment of a Bohemian glass factory in the city, which, although it is not quite a year old, has been a success from the start. Its product is now being sent to all parts of the United States as well as Canada. Mr Reizenstein has given nearly his entire time to the development of this new branch of the business. Mr Reizenstein is a member of the Rotary Club. He resides at 5810 Elmer street.
