### EAST END SHOPPE SECURES NEW FASHION MODELS

The Miles Shoppe, East Liberty's fastest growing style center for Women and Misses, through the efforts of Mr. N. H. Miles and his New York purchasing representatives, has just secured the new Fashion Originations from several of this country's foremost designers.

"No store catering to Women can hope to keep in touch with the market without direct representation. The constant changes and additions to Women's Apparel Styles, make this imperative.

"When this Shoppe was opened, one of our first moves was to establish a New York office, where we could constantly keep in touch with the ever-changing mode.

"The service this office has been able to render to our many customers since has more than justified its existence.

"Everything now is promptly investigated and many a time we have been able to offer Fashions far in advance of their appearance through the regular channels.

"While in New York last week, I secured a wonderful new group of late Fall models, many of which are exact copies of Parisian Originations.

"The early cold snap exhausted our supply of Coats and made this trip necessary. I hope women will not defer their buying too long. The New York market is very short and there is a tendency for prices to advance. Those who buy early will serve their best interests by doing so."
