hon. Edward S. Martin
Member of the Senate
Washington, Penna.

My dear Mr. Martin:

The gratitude I feel towards you for the letter you sent to Dean McEllroy in which you intercede in behalf of my son, Leonard Schwartz, knows no bounds. The copy of your letter reached me just as I was wondering what else could be done in the way of trying to get my son into the Medical School of the University of Pittsburgh, so that it was deeply welcomed and appreciated.

When I wrote you, however, I neglected to state that Leonard lives at 5512 Jackson Street, Pittsburgh, Pa., since he is married, and perhaps you can correct the address shown in your letter to Dean McEllroy so that there will be no confusion.

Please accept my apologies for this neglect and thank you again.

I will be waiting patiently to hear from you concerning your reply from the School of Medicine.

Most indebtedly yours,

Mrs. Harry M. Schwartz
