

# Congregation Tifereth Israel

Building Fund Committee

New Castle, Pennsylvania

December 10, 1954

We are having our Moody Avenue property surveyed and are engaging an architect to proceed with the plans to erect a new synagogue this spring. It is planned that ground will be broken at that time.

The founders of our Congregation built the present synagogue when the facilities they had proved inadequate. We must provide modern facilities and spiritual leadership that will attract our youth and make them conscious and proud of their Jewish heritage.

This new synagogue is for you, your children and your grandchildren. The new building cannot be built by just a few--we must all give generously. WE NEED YOUR MORAL, PHYSICAL AND FINANCIAL SUPPORT.

We have had a drive for funds and have a good start but we need much more. The opportunity to participate in building a new synagogue comes once in a lifetime. Give Generously! Those of you who have not pledged, please cooperate with the committee members who will soon call on you.

This building will be a lasting monument to your memory in the generations to follow.

Sincerely yours,

TIFERETH ISRAEL BUILDING FUND COMMITTEE

ABE FISHER, Chairman

ROLAND LEVINE, Co-Chairman
