

MY COUNCIL CREED

I believe with a firm faith in the Council of Jewish Women.

I believe in the Motto of the Council of Jewish Women "Faith and Humanity", and add to it "Faith in Humanity" and the Sisterhood of Women.

I would pronounce loudly and have it echoed far and wide that "Service is Godly". A gift to be cherished and with peace could be sung from the Holy of Holies.

I strongly believe and advise that "The Form of Faith" we espouse is not to be questioned, but as Jewish Women should together voice that which is dear to us all, and the tenets of our Faith will in harmony lead us wisely and well.

I believe as the women of old we should be "The Gems of Women-kind," faithful in religion, faithful as wives, faithful as mothers, faithful as friends, and faithful to ourselves.

I believe as our Council blazens with Faith and Humanity that it should be our "Beacon Light" and let us pray that we can see to meet and follow it with the hope of being able to prove to the World that the consciousness of the Council Spirit is God-given to help ourselves and all mankind.
