

TREE OF LIFE CONGREGATION
LADIES AUXILIARY

TIRED of the way your home looks after a summer of "cook-outs"
and "cook-in's", teen-age twist parties and adult koffee
klatches ???

EXHAUSTED from your efforts to make your home look like
Princess Grace's palazzo in Monaco??

WEAKENED by attempts to rearrange furniture, re-vamp the attic
and brighten drab rooms??

Don't despair! We may be able to offer both a diagnosis
and a prescription for your problems if you'll join us on
MONDAY, October 7th for a regular meeting of the Ladies
Auxiliary - Tree of Life Congregation at the Synagogue.

At that time we'll be showing a short movie titled
"Decorating Unlimited", which was prepared by the Bell Telephone
Company in conjunction with McCall's Magazine. The movie, which
incorporates the newest in decorating ideas (and illustrates
how you can do the job for nothing - almost), has been filmed in
color to show how fabric and paint as well as other decorating
materials can bring new beauty to a home.

Bring along a scratch-pad and several pencils so that
you can take notes, but most important of all, bring yourself
and share a pleasant evening of facts and fun.

THAT DATE AGAIN - MONDAY, OCTOBER 7TH! 1963

THE TIME --- 8:15 P.M.
