Tune: "The Things We Did Last
Summer"

The dinner at the Swān,
The tea upon the lawn,
The way we served the sick
folks with a song,
The things we did this season,
We'll remember,
All summer long.

And with our quota check
We helped rebuild the wreck
In Europe where they needed
us so strong
The things we did this season,
We'll remember
All summer long.

The survey by Doc. Hook,
The Class in Braille by Cook,
Publicity we always have.
Our work is so worthwhile
We do it with a smile.
The Federation guys we salve.
Our charming President
On doing good is bent,
How could we ever hopelessly
go wrong?

The things we did this season,
We'll remember all summer long.

Tune: "California Here
I Come"

Council Members, May is here,
And we finish up a year
With pleasure
We measure
All that we've done,
For local and National
Projects fine, and now it's
time to
Recount where our efforts
went;
T'Europe's starving
We gladly sent,
Helping those in need we're
bent
That's our purpose and our
aim.

Tune: "Now The Day Is Over"

Now the party's over,
We have had our fun;
