# To the Jewish Community

The picture on the opposite page is that of the KETHER TORAH SYNAGOGUE, which the undersigned, as officers of the Congregation, undertook to build.

The work was started in January of 1920, when we and our members confidently expected to be able to build this synagogue with our own funds. The business reverses of the past eight or ten months have rendered this impossible. We are unable to raise any more funds from our own ranks and we need \$15,000.00 to pay the contractor, and unless this is raised we face foreclosure.

The Synagogue Building is modern in every respect, being all brick, well ventilated, sanitary, and situated at a most desirable corner, facing on three streets. It is the only synagogue in the McKELVEY-BEDFORD SCHOOL DISTRICT and will meet with a popular demand.

We earnestly and respectfully ask our brethern in the community to assist us NOW as liberally as possible.

We, the undersigned, are familiar with the financial condition of the Synagogue building of the KETHER TORAH CONGREGATION. We realize the necessity of helping to save this Synagogue and we join with the officers of the congregation in asking the Jewish Community to contribute at once and as liberally as possible. We urge immediate action as the need is pressing. Mr. Sol Rosenbloom has consented to act as treasurer of the funds.
