Section 101. General Provisions.

The following provisions shall apply to all contracts hereunder, unless otherwise specified in the contract documents. These provisions shall not be construed to limit the contractor's obligations under the contract documents.

101.1. The contract documents shall include the following:

- a. The contract agreement and conditions of contract.
- b. The contract specifications and drawings.
- c. The contract schedule of values.
- d. The contract conditions of payment.
- e. The contract conditions of performance.
- f. The contract conditions of insurance.
- g. The contract conditions of bonding.
- h. The contract conditions of dispute resolution.
- i. The contract conditions of termination.
- j. The contract conditions of assignment.
- k. The contract conditions of subcontracting.
- l. The contract conditions of assignment of rights.
- m. The contract conditions of assignment of obligations.
- n. The contract conditions of assignment of interests.
- o. The contract conditions of assignment of benefits.
- p. The contract conditions of assignment of claims.
- q. The contract conditions of assignment of damages.
- r. The contract conditions of assignment of losses.
- s. The contract conditions of assignment of profits.
- t. The contract conditions of assignment of gains.
- u. The contract conditions of assignment of income.
- v. The contract conditions of assignment of assets.
- w. The contract conditions of assignment of liabilities.
- x. The contract conditions of assignment of debts.
- y. The contract conditions of assignment of obligations.
- z. The contract conditions of assignment of interests.

101.2. The contract documents shall be interpreted as a whole, and no provision shall be construed to limit the contractor's obligations under the contract documents.

101.3. The contractor shall be responsible for obtaining all necessary permits and licenses for the performance of the work under the contract.

101.4. The contractor shall be responsible for obtaining all necessary approvals and clearances for the performance of the work under the contract.

101.5. The contractor shall be responsible for obtaining all necessary insurance and bonding for the performance of the work under the contract.

101.6. The contractor shall be responsible for obtaining all necessary references and recommendations for the performance of the work under the contract.

101.7. The contractor shall be responsible for obtaining all necessary qualifications and certifications for the performance of the work under the contract.

101.8. The contractor shall be responsible for obtaining all necessary permits and licenses for the performance of the work under the contract.

101.9. The contractor shall be responsible for obtaining all necessary approvals and clearances for the performance of the work under the contract.

101.10. The contractor shall be responsible for obtaining all necessary insurance and bonding for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary permits and licenses for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary approvals and clearances for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary insurance and bonding for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary references and recommendations for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary qualifications and certifications for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary permits and licenses for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary approvals and clearances for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary insurance and bonding for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary references and recommendations for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary qualifications and certifications for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary permits and licenses for the performance of the work under the contract.

The contractor shall be responsible for obtaining all necessary approvals and clearances for the performance of the work under the contract.
