Beth Hamedrash Hagodol.

To the officers & members.

Dear Friends.

It is with pleasure that we acknowledge your donation of 20 loaves of bread every week.

This organization distributes 200 baskets of food to our poor brothers of Israel every Thursday.

The scenes are very pathetic as they wait to receive their baskets of food which contains meat, bread, sugar, flour, rice or beans, tea or coffee, candles, potatoes, onions, carrots, cabbage and some times fish, of course it all depends upon the donations we receive.

This society asks you please to try and co-operate with us by getting some of your

friends interested in this noble cause and help us to take care of these unfortunates, who are now victims of circumstances.

If a picture could be taken of our people who come with their heads bowed down with grief and humiliation it would bring forth many tears. We do our very best and give this charity with mercy and kindness.

Again thanking you and wishing you every success,

We are,
Respectfully,

Lechem Anujun Society

Mrs. Ann Feldman,
Secy.
