

## I .O. B. B. NOTES.

A new lodge will be instituted next Sunday afternoon on the South Side of Pittsburg. This is the first time in years that a new link will be added to the Pittsburg chain. The event will be of unusual importance and it is hoped that the members of various lodges will be present to assist in the exercises. The meeting is called for 2:30 o'clock at Kauffield's Hall, 1507 Carson street. Many of the Grand Lodge officers will be present to institute the lodge. Twenty members will be inducted into the order. The members who have worked so earnestly and so energetically to make the lodge an assured fact deserve every support and encouragement from their brethren. A big attendance is needed, and every member should realize that it is his duty to be present and assist in the undertaking.
