
Canter's Restaurant Opens With Enlarged Facilities

A favorite restaurant in Pittsburgh's Civic Center is CANTER'S 209-13 Atwood Street in Oakland, now open with new and enlarged facilities.

In addition to a remodeled restaurant, owner Jack Canter proudly announces an attractively-decorated private dining room for parties, banquets, bar mitzvahs, and all happy occasions.

And, of course, Canter's still features a complete array of delicious delicatessen items and "Yiddishe Essen" table d'hote lunches and dinners that Pittsburghers have enjoyed for half a century. Canter's kitchen is under the personal supervision of Mrs. Al Stark.

And Canter's offers a large selection of sea foods to please every food connoisseur's taste.

Canter's provides the same warm atmosphere and tempting dishes with "tahm" that patrons of the Oakland restaurant used to receive from Jack's late father, Sam Canter, at his restaurant on lower Fifth Avenue.

Canter's will be the hub of great excitement at World Series time since it is only a base hit away from Forbes Field.

Before game time or after, join your friends at Canter's for lunches, dinners, or late evening snacks.
