

MOTHERS' CLUB OF PENN AVENUE.

The Mothers' Club of the Penn Avenue Religious School held its regular monthly meeting on Tuesday evening, March 25th, at the home of its president, Mrs. Panich. With the re-election of officers and the re-organization of its work, the club is entering upon a new state of affairs, through the medium of which it hopes to reap the greatest benefits for the community.

Among the matters which were discussed, there was a review of the Purim play presented the Sunday before by the children of the Religious School. The Mothers' Club wishes to extend its heartfelt thanks to the children who so zealously performed their duties, and also to their parents and friends who supported them.

Another matter of importance, introduced by Supt. Block was the organization of a club consisting of boys of high school age. Its manifold purposes are: Literary, Ethical, Dramatic, Religious, Athletic and Social.
