
School for Girls to be Organized

Tuesday a tentative Executive Committee met at the home of Mrs. Leiter for the purpose of organizing a Beth Yakov School for Girls. In the many countries of Europe the Beth Yakov System was responsible for the education of thousands of young Jewish girls. Modified to meet the special requirements of American Judaism it will attempt to serve the Pittsburgh Jewish Community and its vicinity. All interested in work of the Executive Committee, the organizing committee, and those desiring to become members may call Hazel 4293.
