
LAMPEL & STARK CUISINE
UNDER PERSONAL SUPER-
VISION OF MRS. STARK

Announcement has been made by Messrs. Lampel & Stark that the cuisine of their new restaurant at 961 Liberty Avenue is now under the personal supervision of Mrs. Stark.

After having employed several well known eastern chefs, whose services proved unsatisfactory in catering and preparing dishes that would please the most particular patrons, it was found necessary to place the kitchen in charge of Mrs. Stark who has had many years of experience in preparing delicious Hungarian style meals. Her ability to prepare appetizing dishes is well known in this city, as she was formerly in charge of other local restaurants.

Only the finest ingredients on the market are used in the preparation of food, and assurance is given that, combined with the excellent service offered, diners will enjoy a pleasant and wholesome meal.

A cordial invitation is extended to those desiring a home-cooked meal to visit this restaurant, where any number of delicious dishes can be chosen from the menu.

In addition to the restaurant, the

delicatessen department offers a complete assortment of smoked and pickled meats, home-made cakes and pastries and other delicacies.
