

"Kernel" Al Mercur Plans Novelty Nites at Hickey Park Tavern

The Hickey Park Tavern's definitely different night club, owned and operated by Al Mercur, better known to his patrons and friends as "Kernel," is planning to feature several novelty nights. There'll be score upon score of added laughs which will be supplied by "Kernel" Al's 5 "screwballs" and supplemented by the ringsiders at the Millvale tavern. Already the Nut House "nit wits" have concocted a flock of new songs, skits and sketches at "Kernel" Mercur's club, the only such type entertainment out of Broadway.

Gypsy Night Huge Success at Squirrel Hill Restaurant

A real treat was enjoyed by all those who visited Abrams and Friedman's Restaurant in Squirrel Hill on Wednesday night, December 14. The place was filled to capacity, and the management regretted that they had to turn away many, with the promise that gypsy

night would again be repeated in a few weeks. Novelty entertainment, together with gypsy music, delighted the guests. A special dinner was served in observance of their fourth anniversary.

During the past four years Mr. Eugene Friedman and Mr. Sammy Abrams have seen their restaurant develop into a highly successful and popular eating spot. Always crowded, the rooms yet maintain a quiet, intimate atmosphere that is a welcome change to the inveterate restaurant goer. Courteous, efficient service from unobtrusive waiters lends a continental air.

However, as with all good restaurants this one's reputation is based on carefully prepared, delicious food. People have come to expect and receive

food that is truly unusual. Kosher styled meals are a specialty.

Weddings and banquets can now be served in their new annex, which can accommodate over a hundred and fifty persons. Those who enjoy good cooking and real cocktails should visit this fine restaurant.
