
Squirrel Hill Restaurant

Being Remodeled

Of interest to Pittsburghers is the complete remodeling of the Abrams and Friedman, one of Squirrel Hill's outstanding restaurants.

Started five years ago by Mr. Sammy Abrams and Mr. Eugene Friedman this restaurant has developed into a highly successful and popular eating spot. Always crowded, the rooms yet maintain a quiet intimate atmosphere, and courteous and efficient service is their motto.

Here amidst this quiet and refined atmosphere you may enjoy food that has been carefully prepared and is always of the best quality. Meals are moderately priced and the menu offers a wide and diversified choice.

When completed there will be a new tap room and delicatessen department which will be separated from the Restaurant proper. Kosher style meals and delicatessen are their specialty.

During alterations business is continuing as usual and announcement of completed alterations will soon be made. The interior and exterior work has been done by M. Lifsher and Son local contractors.

Those who enjoy good cooking and the delight of dining out should be sure to visit Abram's and Friedman located at 2016 Murray Avenue.
