MEYER "BUCK" GEFSKY ENTERS NEW FIELD

"Buck" Gefsky, member of the famous Coffey Club Basket Ball Team, and one of the best basket ball guards ever developed in this part of the country, has entered a new field. Buck has entered in the field of business and from now on will be found at his new restaurant and delicatessen shop, at 1321 Fifth Avenue, Pittsburgh. For many years Buck's strong guarding was one of the features of the Coffey Club's play and many teams will agree with us that there are few guards playing basket ball now that will approach the brand of basket ball as put up by the famous Buck. Gefsky began playing the game when he entered Schenley High School and proved a strong forward from the beginning. After graduating high school, he joined the Coffey Club and was immediately transferred to the guard position. His playing at this new position proved the wisdom of the change. And now, Buck enters business. Whether he deserts the basket ball court or not, the writer is unable to state at present, but one thing is certain. If Buck tackles his new enterprise with the spirit and earnestness that he took the basket ball, his success is assured. The many basket ball fans in Western Pennsylvania join us in wishing Buck Gefsky success in his new enterprise.
