
NEW RESTAURANT AT 1002 FIFTH AVENUE

It will be good news to many in the uptown section to know of the fine restaurant which has been opened at 1002 Fifth Avenue under the management of Mr. Sam Goldstein. Both booth and fountain service are available, and the menu offers a varied selection at all times. Mr. Goldstein assures the public that all food served is of best quality and well prepared by competent chefs. The community needs a restaurant of this kind and an enthusiastic response has been the result thus far.

For the convenience and pleasure of the gentlemen dining here, a barber shop and billiard parlor have also been opened in connection with the dining room.
