## "Y" RESTAURANT

---

One of the most popular places in the building these days is the "Y" restaurant, under the management of William B. Wiedman. On Thursday nights, after the basketball game, and after lectures and concerts especially, the little grill-around-the-hall is a hive of activity.

Since it has been remodeled and renovated, it offers a cheerful and pleasing background for the delicious, appetizing food served there.

A reason for it's success is the fine students lunch which is offered for the nominal sum of twenty-five cents.
