

New Lounge Is Planned

Y young adults may soon have a brand new lounge for their program activities. It has just been announced that the room adjacent to the Memorial Room to the Four Chaplains is expected to be completely redecorated and refurnished before the end of next month, in time for the dedication of the Memorial Room. The new Young Adult Lounge formerly housed the restaurant.

The new lounge will be completely remodeled and redecorated, with an acoustical tile ceiling. Completely new furniture will be purchased, and plans also call for a TV set and a high-fidelity music system. The room will be completely air-conditioned.

The Young Adult Committee is now planning a general meeting at which plans for the new lounge will be discussed. A sub committee will be chosen to select furnishings and decorations. The date of this meeting will be announced soon.

The new Young Adult Lounge will be an ideal place for forums, musicales, social events and committee meetings. The room may also be used by other organizations
