

The Pittsburgh "Yeshivah":—Last week was examination week at the Yeshivah. The Yeshivah has an enrollment of 150 children. Every child made an oral recitation in "Gemorah" and "chomash" before Rabbi E. W. Kochin. Every pupil of the higher classes wrote a Jewish letter to his parents. As soon as the building will be remodeled these examinations will be given, more often so that the parents may be able to know how their children have advanced.
