Huntington Station, N.Y. 11746

October 22, 1968

Gentlemen:

We want to thank you for the wonderful Fashion Show which was presented to 240 of our students this morning. It was a pleasure to work with Mrs. Jeanne Schimmel. She was cooperative and efficient and we feel that the students have had a most valuable experience working with her.

Comments from the Administration, Faculty and students were so favorable that I wish we could repeat this more often. It is most gratifying to us, as teachers, to have someone from the "business world" come to a little school and convey to our girls the importance of dressing properly (but with a flair).

I am sure that the Simplicity Pattern Company will reap tremendous benefits as the result of this show. We cannot thank you enough--and please convey our thanks again to Mrs. Schimmel.

Sincerely,

*Martha J. Ring*
