Island Park, N.Y. 11558

Dear Ms. Schimmel:

On behalf of the Nassau County Department of Recreation and Parks and the Special Events Unit, we wish to extend our thanks for your participation in our Explorations in Needlework Program.

Your generous contribution of time and talent helped us to maintain our high standard of programming. The sharing of your knowledge made it possible for us to offer an extensive variety of information to the teachers and recreation leaders who were involved in this program.

Once again may I express the appreciation of the Nassau County Department of Recreation and Parks and the hope that this relationship will continue in the future.

Sincerely,

Barbara Brown
Program Coordinator
Explorations in Needlework
