Dear Commissioner:

On behalf of the sewing class and myself at the Unwondale-Merrick Senior center at Jerusalem Ave, Unwondale we wish to commend Mrs. Jeanne Schummel, our instructor, she has brought us her skills, modern sewing techniques, patient and a keen interest in helping each student.

I am retired, living on a fixed income, walk a mile in order to attend sewing classes on Monday afternoon at the center, were it not for Jeanne Schummel I never could afford to buy the numerous outfits that I made at her classes.

I sincerely hope you will make it possible for her to return to the Unwondale-Merrick center in September.

Respectfully,
(Mrs) Rose Richards

Dear Jeanne:

Enclosed is a copy of a letter we received from a senior in one of your sewing classes, who is obviously enjoying it very much. I thought you might like to have this letter for your own files. It's a testimonial of which you can be proud.

Needless to say, we are very happy to have an excellent teacher like yourself on our staff, and hope you will continue to work for our department for many years to come.

Sincerely,

Cecelia J. Nizza, Commissioner
Department of Services for the Aging
