Sholom Melech, Ester:  
p'ke p'de I am  
writing in this <sup>110/110000</sup> 11000 700  
so that you should use  
it, and once in while in  
the future, while doing  
anything, you may recall  
to memory a friend. Let  
this book serve as a  
mirror to reflect an  
image, - not your own - for  
indeed what is in that - not  
meant sarcastically) but to re-  
flect a personality or personalities,  
if you please of the past, and es-  
pecially this one.

Dear Esther <sup>(110/110000)</sup> 11000: - You are by no means  
new to me. I was in luff with you yet in  
Moorehead Schule already, and yet <sup>it</sup> you  
becoz we are graduating, does not mean  
that we will neffer see each other (you pass  
my home effer tag) for I still l-l-l luff  
you.

Ester. I felt at liberty to write the  
above because I have known you so long,  
studied with you, walked with you, had  
fun with you, that you really seem  
so closely related to me that I simply  
could not hesitate from writing a  
friendly note.

Your chief aim, <sup>as it</sup> seems to me, is to be  
a leader in "Zion". You have my sincerest  
wish to accomplish whatever you will  
undertake.

Some day when you're sitting in  
a bungalow in the desert of Jerusalem, think  
of your friends, then take this book, and  
glance upon this <sup>one</sup> page. You will  
then recognize <sup>one</sup> who will remember  
you, - yes, love you - respect you to the end  
of his day.

You shall be <sup>in</sup> abundance.  
at joy.
