Dear Beth:

We received your card at home, and I was real happy hearing from you. I am glad that you are having a good time.

I mailed you a rain hat and hope you have received it by this time.

Harold has left for camp, and I am sure we will all miss him ~~as~~ mother and I are missing you.

I hope you will have good weather and do many new and nice things like riding the horse, because if you enjoy doing it you will be able to continue when you come home.

Ronald and mother send their regards
Keep well and take care of yourself
Love
Dad.
