

CONGREGATION TREE OF LIFE

PENNSYLVANIA AVENUE
UNIONTOWN, PENNSYLVANIA 15401
RABBI'S STUDY: 438-0801

January 10, 1995

MEMO TO OUR DIRECTORS:

A board of directors is the vital component of an organization (university, corporation, house of worship).

At the last three monthly meetings — November, December and January — this board was not able to muster a quorum to conduct its business. This means that for a period of one-quarter of a year, Tree of Life has not been able to function. No decision could be made, no proposal implemented. We could only discuss, not act.

The months ahead will be ones of critical decisions, maybe the most momentous ones in our 93-year history.

Can we count on your input and vote?

Cordially,

W. Cyril Kanterman

Secretary
