Dear Mr. Balter,

Tonight, The Tree of Life Congregation formally acknowledged and accepted the cemetery plot located beyond Marion Hill in New Brighton, Pulaski Township. This fact would not be had it not been for your tireless efforts, time, patience and even expense in gathering the necessary signatures to properly negotiate the transfer of this property.

True, you may say you did this work willingly and for no personal thanks. Your motivation was selfishness --- community selfishness. We often discussed the possibility of owning a cemetery; you could foresee this possibility and made it a reality.

Very truly yours,
Tree of Life Synagogue,

Saul M. Sigal,
Sec'y.

RESOLVED:

That a copy of this letter be permanently entered into the minute book of this Congregation in sincere acknowledgement and appreciation.
