II. Tuition

The tuition ~~for~~^{for} the complete school year is set at \$3500 per child. This includes all books, supplies and misc items. Because this is our first year there might be some unknown charges. If this situation occurs the parents will have to subsidize those expenses if they, and when they, arise.

The first payment must be made before Sept. 1st. It will be \$25.00. The additional \$10.00 must be paid prior to Nov. 1st. Please mail check, or give to, D.J. Berch

The \$35.00 tuition is based on the center including \$10.00 in its dues charge to all members.

III. Children

As of today, Aug 21st, we have ~~the~~ eleven children that are going to start school. We hope to enroll more as the year goes on.

IV. Adult Education - Nursery School

There have been numerous inquiries regarding the above. It has taken many hours of planning, hard work and several meetings to put together what you heard tonight. This is probably an understatement. As soon as the Sunday school is opening smoothly we will undertake setting up a Nursery School and Adult Education class.

Thank-you for your Consideration
