ATTENTION: Mrs. Frank Rosenfield

Dear Mrs. Rosenfield:

Last year we sent you a list of food items that are produced in A&P's Horseheads Plant in Elmira, New York and which have been approved for certification by the Union of Orthodox Jewish Congregations and bear the Symbol  on the label - with some of the items under Rabbinical Certification which bear the Symbol .

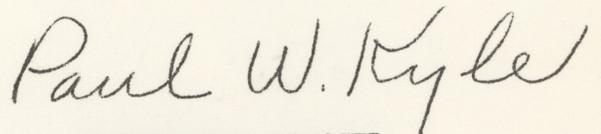

Enclosed is a revised list of these items, substantially the same, but with a few items added...these are indicated by an asterisk (\*).

If you should desire additional copies of this list, we shall be happy to furnish them to you.

We also thought you would be interested in the new Jane Parker Enriched White Bread, made by our Pittsburgh A&P Bakery... the brand new formula calls for more milk and sugar and is made with pure vegetable shortening only...better than ever in a new star spangled wrapper...truly the finest loaf of Jane Parker White Bread ever baked.

Your interest in A&P Food Products is sincerely appreciated.

Yours very truly,
