

## Soviet Jewry Awareness Group Charter

Our purpose is to help in alleviating the plight of Jewish people in the S. Union. To achieve this we will <sup>1</sup> make the public aware of their plight (publicity), and <sup>2</sup> we will also raise funds.

As for recruitment, we presently seek out new members by word of mouth. Hopefully, by being a school club, we could use the Bulletin or Y.A. announcements to inform more students of the whereabouts and time of our meetings. By the way, our meetings are open to any student.

There is no such "membership requirement", but members are expected to have some interest in working for Soviet Jewry.

The government of the club is democratically elected and we have a president, vice-pres., a secretary and a treasurer. With two or three other very devoted students, these officers form an executive committee which oversees the club.

Our financing will come from selling materials related to Soviet Jewry.

cont.

Our sponsor will be Mrs. Skuman  
and our meetings will be held in the  
room 354.
