

CONGREGATION TREE OF LIFE

OIL CITY, PA.

September 19, 1958.

Dear Member;

The Tree of Life Synagogue is attempting to keep a record of all names, both in English and Jewish of all local or near by co-religionists. There is no charge and no motivation for this service except for future purposes of yourself and of your family.

Frequently, Jewish residents of this area tell us : their own or their parent's English name, and ask us to ascertain their Jewish name. It is almost impossible to judge, and it is wrong to guess the original name, yet this is often desirable for varied reasons,- such as for giving a name to a new born, for marriage, for death, etc.

Please bear in mind, too, that many years from now, this information may be lost, or at least more difficult to find out than now.

Filling in enclosed-sheet and return as soon as possible will help us compile the information. If there are any questions, please contact any officer of the Synagogue.

Very sincerely yours,

Officers of the Synagogue.
