Acknowledgment

I would like to acknowledge the significant support provided to me by all family members who contributed to the collection of the data that comprises much of this book. It was in the early 1990's that I first sent a letter to my family asking them to please complete an enclosed data form. It requested detailed information of each family member's, name, birth date, marriage date, bar and bat/bat mitzvah date, etc. Completed forms were received from almost 100 family members that included aunts, uncles, cousins, etc. Additional information continued to be received as new leaves to the tree needed to be added, Thank you all for taking the time and helping to get this compilation started.

A special thanks to my grandson Jarred Glickstein, who, over the past several years spent many days helping compile this book. His interest in working with me and reviewing the book was a great help. It was with his help and support that made this book a reality. In addition, he provided considerable technical support in getting my *Family Tree Maker* computer program operational. And to my grand-daughter Elana Sacher for her support re-designing the covers of my books to meet the publisher's required specifications. Without her technical savvy the draft copy of the books would still be in draft stage. And to my son Steven, who has always been available to offer technical advice and most important emotional support to keep this activity going for all these years and for the years to come.

Cousin Charlene Barshefsky made the newspaper headlines in the 1990's. She was the United States Trade Representative during the Clinton administration. When it was realized that I was related to this well known person I reached out to the family. I finally got connected to Charlene's brother, Alvin Barshefsky. Alvin's grandfather Meyer Barshefsky was my grandfather, Nathan Glickstein Barshefsky's brother. As it happened, Alvin too was interested in family history and genealogy. Over the years Alvin and I have traded valuable family information to update our mutual tree. For this I am very grateful.

I too am a Barshefsky! Those were the words Sandra Kaufman used when she discovered a Barshefsky Family Tree on the internet and introduced herself to Alvin and myself. It was in the early 2000's that Sandra and I met in person one Sunday in Long Island N.Y. At that time she provided me with considerable information about my grandfather's stepbrother Simcha Glickstein and his family. She also was kind enough to provide many family pictures that included my grandfather at a relative's wedding. I am also grateful to Cousin Sandra for her contributions.

I am also grateful to my dear and loving uncle, Rabbi Solomon Lenchitz who was the first to put together a hand drawn Lenchitz family tree which helped me get started. Through additional correspondence over many years with his son, my cousin Rabbi Chaim Lenchitz, much history was gathered about the Lenchitz lineage. Chaim and I grew up almost as brothers having lived just down the street from one another on Remsen Avenue in Brooklyn N.Y.

I also want to thank my cousin Norman Lenchitz who sent much information about Shlomo Ephraim Lenchitz. He is best remembered most prominently for *Keli Yekar* ("precious vessel, also spelled, Kli Yakar ") which first appeared in 1602 and is still printed in many editions of the Pentateuch and continues to be highly popular.

My cousin Julie Glickstein Ruvkun recently offered to collaborate with me in publishing a *Family Storybook.* It is a compilation of family history and stories written by 3-dozen family members. This joint effort brought us much closer together as cousins and provided much joy in watching a family member reap the rewards that I have experienced searching through joint family history. Thank you Julie.

It was through my cousin Chaim and his sister Rochel that I was introduced to my second cousin once removed, Tzertel Teichner Kenner. Tzertel has written a wonderful book entitled, *Memories and Miracles*. It provides much history and documentation about the Lenchitz lineage
It is a must read for anyone interested in our family history. In addition Tzertel filled in much of the family lineage from a part of the family that I knew very little

I also want to thank my cousin Susan Golden who provided me with original documentation of the Podwoloczyska Society's constitution that was include in my book entitled, *Beyond the Road* originally published in 2011 and recently revised. She was also helpful in providing much information about the layout of the cemetery plots in the Podwoloczyska section of Beth David Cemetery.

To all my family members who have provided bits and pieces of family history over the years, a very big hug and thank you. Thank you all for supporting my genealogical effort over the past 60+ years.

Introduction

The Bible speaks of recording names of family members. In Numbers 1, 2 it is written, “On the first day of the second month, in the second year following the exodus from the land of Egypt, the Lord spoke to Moses in the wilderness of Sinai, in the Tent of Meeting (Tabernacle) saying “take a census of the whole Israelite community by the clans of its ancestral houses, listing the names, every male, head by head. You and Aaron shall record them by their group, from the age of twenty years up, all those in Israel who are able to bear arms.” So began our family genealogy and I am happy and privileged to continue this task.

Part I of *A Road Well Traveled, Family History and Genealogy* provides historical information of my grand-parents backgrounds as well as a chronology of my personal life. My grandfather Nathan Barshefsky Glickstein was from Rajgrod, Poland. He travelled alone from Poland to England. After staying in England for some time he finally arrived at Ellis Island on May 9, 1902. My grandparents from my mother's side, Harry and Bertha Lenchitz traveled from Podwoloczyska to England. Their son Reuben was born in England before arriving at Ellis Island on October 23, 1910. They brought along their three children Esther, Sol and Reuben ages listed a 3, 1 and 0 on the ship’s Manifest. (Their names listed on the ship's Manifest are Lily, Saul and Abraham?) Many old family pictures are included in the book. The major portion of the Part I of the book is devoted to my personal life, from whence I came, and how I arrived to where I am today

Part II of this book is comprised of entirely of family data that was collected over the past 60 years. It all began one evening in about 1960. I was visiting my grandfather, Nathan (Pop) in his home on Remsen Avenue in Brooklyn, New York. I knew little about where he came from or his family and started asking him questions. That evening was the start of the Barshefsky family tree. The original information that he provided was scribbled into an old telephone address book since that was the only scratch paper around at that moment. The tree began to blossom. Ten or twenty years later I started creating a more detailed family tree on a large sheet of paper trying to decipher the information that was available at that time. I began inquiring about the shtetls my grandparents came from with little success. When computers arrived in the early 1980's, it was time to set up a formal database. I began inputting the information I had into a computer file.

When the computer program, *Family Tree Maker* arrived on the scene, displaying the data became lots of fun and I began in earnest the tedious task of collecting detailed data. Forms were sent to all my relatives whose addresses were known to me; it may have been somewhere around 75-100 persons. The response was very positive. Except for a few lone holdouts, everyone responded. The original data, recorded on paper is kept in my personal filing cabinet. The information requested included birth dates, marriage dates, places of birth, medical history, likes, dislikes etc. Almost everything given to me has been typed into the *Family Tree Maker* program. At various family functions I made an

effort to take photographs my relatives individually. The pictures were scanned into the computer, cropped and included in the personal file along with his/her other data. In addition, many family members have sent me photographs that have also been included.

Part II of this book includes, in various forms much of the information that has been entered into the computer file. Displays in several forms include information about the *Stanley S. Glickstein Tree*. It is followed by data from my father's family (*Barshefsky Tree Displays and Reports,*) the family tree of my mother's father, Harry Lenchitz (*Lenchitz Tree Displays and Reports*), my mother's mother, Bertha Hofrichter (*Parness Tree Displays and Reports.*) Other than a Tombstone, I have little information about the family of my father's mother, Celia Blumenstein. She died when my father was a very young boy and is buried at Bayside Cemetery. My dad never talked about his birth mother and I am completely ignorant about that side of the family.

As of September 15, 2022 there are 2,124 individuals listed in the "Glickstein/Barshefsky" file with 570 different surnames and 638 marriages. The total number of generations is 15. The earliest birth date is listed as about 1525. The following sections of *A Road Well Traveled, Family History and Genealogy Part II* are just a sampling of the various formats that can be displayed from the information in the database contained in the computer program *Family Tree Maker 2019.*

The reader is urged to peruse all these pages and enjoy, just as I have been doing for more than a half century. Have fun!
